ALLOWANCE

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview between Ilya Zborovsky and Frances P. Oropeza on 11/15/04.

The application has been amended as follows:

Claims 10 and 11 have been cancelled.

In the specification on the bottom of page 3, the header "Industrial Applicability" has been deleted.

In claim 8, page 3, three lines from the bottom, "of generalized characteric" after "values" has been deleted and --of the characteristic generalized-- has been inserted.

In claim 8, page 4, lines 1 and 2, "generalized dimensionless" after "the" has been deleted and --dimensionless generalized-- has been inserted.

In claim 9, page 4, line 2, "generalized dimensionless" after "the" has been deleted and --dimensionless generalized-- has been inserted.

Drawings

2. The proposed drawings of figures 1 and 2, filed on 8/10/04, have been accepted.

The application having been allowed, formal drawings of figures 1 and 2 are required in response to this Office action to avoid abandonment of the application. The correction to the drawing will not be held in abeyance.

Reasons for Allowance

3. Claims 8 and 9 are allowed. The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art. The subject matter not found was "a dimensionless generalized characteristic parameter for each spectral interval with respect to the power spectral densities namely: (see the 10 formula)", in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
